

Rob Georg

Dust

Mar 20, 2019 - Rebecca Cullen

Rob Georg's latest effort brings through a notably heavier rock sound than his previous singles. Dust is a raw and beautifully raucous country-rock track that pays an emotional tribute to the harsh reality of life as a cowboy.

Dust is a much more energetic and musically striking or hard-hitting piece than anything from before, but the artist's voice and his connection to the words is no less poignant - on the contrary, he sounds superb in this setting.

Great songwriting from Mel Georg and Kristin K. Smith has been met with Rob Georg's inherent love for the genre and for performance in general, and this full-band, electronic and distorted rock sound meets the needs of the moment perfectly well.
